“Gibbs Giden Locher Turner Senet & Wittbrodt’s team is based out of Los Angeles and Las Vegas. It can frequently be found litigating multimillion-dollar claims for predominantly commercial developments. It also handles transactional matters, and specific expertise includes healthcare facilities, energy infrastructure, and multi-family projects. Significant work highlights included advising Layton Construction in claims relating to the construction of the \$200m Palmdale Regional Medical Center in California. Glenn Turner leads the 14-partner practice, and managing partner Richard Wittbrodt is also recommended. “-
